

Grade 6 Math Report Card Outcomes

Mathematics	
Number Sense	
N6.1	I can understand place value with numbers greater than 1 000 000 and less than one thousandth
N6.2	I can demonstrate an understanding of factors and multiples of numbers less than 100 in a variety of ways
N6.3	I can demonstrate an understanding of the order of operation on whole numbers with and without technology
N6.4	I can multiply numbers using decimals
N6.4	I can divide numbers using decimals
N6.5	I can demonstrate an understanding of percent in a variety of ways
N6.6	I can demonstrate an understanding of integers in a variety of ways
N6.7	I can covert fractions to improper fractions and mixed numbers
N6.8	I can demonstrate an understanding of ratio in a variety of ways
N6.9	I can demonstrate an understanding on how First Nations and Metis peoples, past and present, represent and use quantity in their lifestyles and worldviews.
Patterns and Relations	
P6.1	I can represent, analyze and apply patterns in tables of values and graphs
P6.2	I can model and explain in a variety of ways equivalent forms of an equation
P6.3	I can demonstrate an understanding of expressions and equations using variables
Shape and Sequence	
SS6.1	I can classify, measure, draw and apply angle relationships to a variety of angles
SS6.2	I can demonstrate an understanding perimeter, volume of right rectangles and area rectangles
SS6.3	I can demonstrate an understanding of the different types of triangles and polygons in a variety of ways
SS6.4	I can graph and table ordered pairs
SS6.5	I can classify different transformations and model the translation, rotation or reflection of a 2-D shape.
Statistics and Probability	
SP6.1	I can collect and analyze data in a variety of ways
SP6.2	I can demonstrate an understanding of probability in a variety of ways
